

**MERCER COUNTY ANTIQUE POWER ASSOCIATION**

**Summer 2019**

THIS YEAR WE ARE FEATURING: Antique Lawn & Garden Tractors and Economy Engines.

SCHOLARSHIP PROGRAM: The 2019 Information for our scholarship program is on our website **mercercountyantiquepower.com** the essay should be related to "What role did the General Store play in Rural America. If you have any questions, contact Terry Minter Sr. 724-475-3461 or message us on our face book page.

PIE'S NEEDED: Please remember that we need 2 pies per family for our food trailer, also remember they cannot be made with eggs, or dairy products because of setting out.

WORK NIGHT; July 22 at 5:00 PM or after as you can come to get ready for the show. This is when the spots are marked for the tractors and equipment and all the other jobs that are done to get the grounds ready. The difference this year will be that the food trailer workers will also come at 5:00 to clean and get the food trailer ready for the show. This involves giving everything a good cleaning in the food trailer, the storage trailer and Jack Kline's building. Over the years I have lost most of my helpers due to kids growing up, moving away, passing away, or just getting to the point that physically they cannot do it anymore. I am hoping by doing it in the evening some younger women and men can come and help us. Supper will be provided, and we always have drinks available for everyone.

HELP NEEDED: Below are most of the areas where help is needed for the show. Please remember that if each member would do 1 3 hour shift the association will be able to continue putting on a wonderful show.

Food trailer - Linda Beatty 724-794-4707

Cashier / pies - Linda Beatty 724-794-4707
